CAREER OBJECTIVE

Motivated and detail-oriented B. Tech CSE student with a strong foundation in AI, ethical hacking, and data-driven solutions. Passionate about developing innovative software solutions for real-world problems, smart agriculture, and women’s safety analytics. Seeking opportunities to apply technical skills and problem-solving abilities in impactful projects.

EDUCATION

Program	Specialization/Board	Institution/University	Year of passing	% Marks
10th	CBSE	Rungta Public School	2020	91.8%
12th	CBSE	Rungta Public School	2022	83.2%
B. Tech	Computer Science & Engineering	Amity University Chhattisgarh	2026	8.43 CGPA

TECHNICAL SKILLS

- Programming Languages: Python
- Frontend Development: HTML, CSS, JavaScript, React
- Backend Development: Node.js
- Android Development: Kotlin, XML
- Database Management: SQL, MySQL
- Ethical Hacking
- Data Science: Pandas, Numpy, Scikit Learn, Matplotlib
- AI & Machine Learning: Machine Learning, Deep Learning, Natural Language Processing (NLP), Large Language Models (LLMs), Computer Vision, Generative AI, Model Fine-Tuning
- Tools & Frameworks: PyTorch, Hugging Face Transformers, Flask, Git & GitHub, Android Studio, Docker

INTERNSHIP

Ethara AI — LLM Post Training Intern

[Offer Letter](#) [Completion Letter](#)

Jan 2026 – May 2026

- Contributed to the post-training and evaluation of Large Language Models (LLMs), focusing on response quality, alignment, and factual accuracy.
- Conducted output analysis, identified reasoning gaps, and supported AI data evaluation workflows to improve model performance.

Bharat Sanchar Nigam Limited (BSNL), Raipur — Vocational Training

[Certificate](#)

Jun 2025 – Aug 2025

- Completed 6 weeks of vocational training in **Basic Telecom** at BSNL, Raipur.
- Topics covered: Optical Communication Networks, National Internet System, FTTH Technology, Mobile BTS & RFT Technology, MNG PAN, CPAN Networks & EMS, Transmission System, Lease Circuits Line Media.

CERTIFICATIONS

- Android App Development – Internshala [Certificate](#)
- Learn Ethical Hacking from Scratch – Udemy [Certificate](#)
- Ethical Hacking – NPTEL [Certificate](#)
- Machine Learning – Internshala [NSDC Certificate](#) [Certificate](#)
- Summer Lensathon - Hack2skill [Certificate](#)

RESEARCH PUBLICATIONS

- Research paper on AURA: An AI-Driven Mobile Safety Application for Women with Real-Time Monitoring and Legal Assistance-IJCA [Link of Research Paper](#)
- Biotrace: AI-Based Blood Group Prediction Using Fingerprint- Innovation and Integrative Research Center Journal (IIRCJ), Volume 4, Issue 5, May 2026 [Link to Research Paper](#)

ACHIEVEMENTS & AWARDS

- Best Student Presentation in National Conference 2025 - ISBM University [Certificate](#)
- Winner of SIH 2024 Internal Hackathon [Certificate](#)
- Top 100 Teams – Adobe India Hackathon 2025 [Certificate](#)
- 3rd Prize in Kalinga University Hackathon 2025 [Certificate](#)

PROJECTS

- Aura Android App: An app created for Women Safety Ecosystem using XML (frontend) and Kotlin (backend). [Link to project](#)
- Customer Churn Prediction: Predict customer churn using behavioural, transactional, and engagement metrics. [Live working Github link](#)
- Early Disease Detection: Detect potential health risks early by analyzing patient data and identifying patterns for proactive healthcare management. [Live working Github link](#)
- Web Portfolio: Developed a personal portfolio website using React with Tailwind CSS and earlier with HTML, CSS, and JavaScript featuring interactive 3D hero animation, project flip cards, dark mode, and a responsive design. [Portfolio](#) [React](#) [Github link](#)
- My Fine-Tuned Local Chatbot: Built a fully offline chatbot using a fine-tuned transformer model with PyTorch and Hugging Face, integrated via Flask API. Supports both GPU and CPU execution with customizable prompts and real-time interaction. [Link to project](#)
- Stable Diffusion Chatbot: A Flask-based chatbot that converts user prompts into AI-generated images using the Stable Diffusion model. Designed for creative exploration with real-time visual generation and an intuitive interface. [Link to project](#)
